4. Ready for use!

1. Search **Eventor** in the Play store.
2. Download the app.
3. Ready for use!

## Tips for the EFA 2016 Mobile App

Schedule

The **schedule** is chronologically organized by day. Each room has a different color and to ease navigation papers are individually displayed. To display rooms, swipe your screen right to left. To change day, click on the date displayed on the bottom of the screen.

Agenda

The **agenda** displays all papers saved from the schedule. Papers saved are displayed chronologically. To save a paper from the schedule, click on the desired paper and check the tick box next to “Add to Agenda”.

Talks

This section lists all the **presentations** in the program. Listed papers are clickable and can be saved in your agenda. A search option is also available. You can only search through keywords mentioned in paper titles. To conduct a search by individual name use the function “Speakers”.

Speakers

In this section, all **people** involved in the academic program are listed alphabetically. By clicking on the person name you will be directed to the paper(s) they are involved in. By selecting the paper you can save it on your agenda.

Paper Author(s)

Presenter

Session Chair

Discussant

### Why a person is listed twice?

Due to the large amount of people involved in the program, people are identified by their role. Therefore, a person can be listed with four functions: Author, Discussant, Presenter, Session Chair.
